Černí andělé

1-8

A loose series of thrillers with criminal plot, each narrated from the viewpoint of one of the main characters. There is no central character of a detective, and in many cases even the police do not intervene. The key figures are two inconspicuous funeral service employees – a sort of memento mori...

Satan's Stratagem

Ďáblova lest

During the night a girl had been found on the road, clothed only in a blood-soaked shirt; she had some weird diagrams on her stomach drawn in blood, and three figures of six on her forehead. She is not injured, but remembers nothing. Not long ago a student had been murdered whose body bore the same magic symbols as the girl's. A police commissioner and an experienced expert on black magic and magic rituals join forces to search for the perpetrators of ritual series murders linked to the mysterious existence of the Devil's Bible – the largest manuscript book in the world.

Lost Gate

Ztracená brána

1-3

1-3

The three-part television mystery movie "Lost Gate" is a loose continuation of the successful television trilogy "The Satan's Stratagem". This time, an exciting storyline is connected with the existence of a unique medieval work: Voynich's Manuscript. Investigators are trying to track down the murderer and put a stop to the evil but, at the same time, are themselves threatened. In a dramatic duel with an unknown killer the shocking connection is revealed. Where does the strange plant come from? Why will someone kill repeatedly for a single leaf of this unknown plant? The story takes place in the old part of Prague. We enter its intricate network of ancient underground tunnels – where something inexplicable happens. Disturbing traces at crime scenes take our religious scholar not only to a Masonic lodge, but also to a strange place where he meets a mysterious creature. His investigations, full of twists and unexpected complications, lead to a surprising outcome.
