PRINCE MAMA'S BOY (Princ Mamánek)

They say every man needs a mother until he finds a woman. At the age of 39, Prince Ludvík is in no rush to get married and is afraid of almost everything. He mostly hangs around a luxurious castle. His father, the wise king, one day runs out of patience. So one morning the prince wakes up in the forest in ordinary clothes and is about to go out into the world to finally grow up. He will experience situations that he has only read about in adventure books. He'll meet a powerful wizard, an evil witch, a ghost, and even Lady Death herself... and maybe even find the love of his life. What will mom say about all this? And will father the king be satisfied?
