# Veteran (Veterán)

A psychological and conversation-based drama about a former soldier whose journey toward love and a normal life harms him more than the previous twenty years of war. Martin fought as a mercenary for 20 years. He is a man with killer instincts. Now he needs abilities that are completely different. He has to become a more attentive person, someone who knows not only how to take and give punches, but also how to listen and to understand banal concerns. Can a former elite soldier handle normal life, hold on to the woman he loves and find work that does not require the special physical abilities of a killer?
